

OUTER SPACES

**RHS
FLOWER SHOW
TATTON PARK 2023**

"Alfresco"

designed by Pip Probert

This modern interpretation of a formal garden centres around outdoor entertaining.

A large patio and seating area at the centre of the space provide a comfortable and contemporary setting for socialising with friends and family, while a fully kitted-out kitchen transforms cooking into a convivial activity, something that can be shared and enjoyed with guests. The garden has plenty of space for cooking, sitting and enjoying the surrounding planting – along with a wealth of design detail to keep the conversation flowing.

Plants include shrubs, trees and grasses, for movement and to complement the sculptural lighting.

At the back of the garden, alongside the cooking area, rosemary forms a fragrant hedge in planters. The garden highlights how majoring on hard landscaping, which serves an essential practical use, needn't mean compromising on creating a beautiful green and inviting outdoor space.

OUTER SPACES

Plant List

Agapanthus Africanus
 Agapanthus 'Polar Ice'
 Anemone 'Ruffled Swan'
 Astrantia Major 'Roma'
 Bergenia 'Harzkristall'
 Brunnera Macrophylla
 'Jack Frost'

ABOUT OUTER SPACES

With over 18 years' experience in design, build and planting works, over the years Outer Spaces has worked on 40 show gardens at various shows including RHS Chelsea, RHS Tatton Park, RHS Malvern, Gardeners World and Gardening Scotland. All of which have won awards with numerous Gold Medals and even a Best in Show award. We have also been involved in other International Shows such as the Besiktas Garden Festival, Istanbul and the Beijing Horticultural Expo. Previous projects include public gardens and commercial landscape developments, but mostly private garden schemes.

Outer Spaces Landscapes Ltd is directed by both Pip Probert and Wez Salthouse, offering the full design and build service. Priding themselves on a personal approach from the initial design consultation through to completion. Not only do they work on hard and soft landscaping projects but also various events.

Pip Probert was also featured as one of the Garden Designers on the BBC program, "Your Garden Made Perfect".
